A passionate Full Stack Developer with an interest in marketing

Experience

Nov 2016-
Present

Director of Digital Media / Full-Stack Web Developer

Salt Lake City, Utah

I oversee all digital and print media efforts, including creating, building and maintaining websites. Designing and producing all print materials from logos and business cards to brochures and tradeshow booths. Overseeing and working in all social media platforms such as Facebook, Instagram, Twitter, Yelp, TripAdvisor and Pinterest. Responsibilities include creating and curating shareable content; determining which platform is best suited for each piece of material; building and managing social media profiles and presence; directing paid search and social campaigns and analyzing the performance of those campaigns; maintaining brand consistency across platforms; assessing SEO configurations; monitoring analytics; managing the digital budget; and fostering vendor relationships.
